

Poster Session

Student Fisheries and Wildlife Poster Presentations

Summer Home Range Characteristics of a Low Density White-tailed Deer Herd

Shawn M. Crimmins

Relative Efficiency of Three Herpetofaunal Trapping Methods on Upland and Floodplain Ephemeral Pools in North-central Mississippi

Katherine E. Edwards, Jeanne C. Jones and Jarrod H. Fogarty

Mourning Dove Use of Corn Fields Grazed by Cattle

Dawn H. Manning, Jeanne C. Jones and Michael E. Boyd

Factors Influencing Amphibian Abundance and Richness in Riparian Habitats in East-central Mississippi

Sarah L. Gallagher, Jeanne C. Jones and Jarrod H. Fogarty

The Relationship Between Feral Horse Activity and Water Quality on Assateague Island National Seashore, Maryland

Mary S. Lambert and Gulnihal Ozbay

Mammals of the Lincoln University Living Laboratory

Robert Ndessokia, Brandon Peoples and Michael Scott

Depredation at an Outdoor Aquaculture Research Facility

Brandon Peoples, Robert Ndessokia and Michael Scott

A Comparison of Randomized and Fixed Survey Points for Presence/Absence Surveys of River Otter (*Lontra canadensis*)

Shawn Crimmins

Avian Response to Prescribed Fire and Selective Herbicides in Intensively Managed Pine of Mississippi

R. B. Iglay, B. D. Leopold, L. W. Burger, Jr and D. A. Miller

Impact of Nest Box Design and Placement on Brood Parasitism and Usage by the Wood Duck (*Aix sponsa*)

Wanda Morris, Maynard Schaus, Kendall Smith and Tim Cooper

Use of a Designed Highway Undercrossing by Large Mammals

Samantha Porter, Braeden Miller, Michelle Rowe, Maynard Schaus and Bridget Donaldson

Influence of Varying Levels of Imazapyr and Surfactant on Cogongrass (*Imperata cylindrica* (L.) Beauv) Control and Recolonization of Native Vegetation

Dan Prevost, Jeanne C. Jones, Donald L. Grebner and Sarah Gallagher

The Past 25 Years of SEAFWA Proceedings: A Retrospective Look at the Wildlife Sessions

Stacey Vigil and Michael T. Mengak

Availability and Seasonal Use of Tree Day-roosts by Rafinesque's Big-eared Bat and Southeastern *Myotis* in Bottomland Hardwoods

Candice L. Stevenson, Jeanne Jones and Dave Richardson

Wild Turkey Hen Habitat Use in Central Mississippi

Brad D. Holder and Stephen J. Dinsmore

National Cooperative Fisheries Scholarship Program at the University of Arkansas at Pine Bluff

Nekea N. Walker, Michael A. Eggleton, Steve E. Lochmann, J. Wesley Neal, and H. Denise Symens

Professional Fisheries and Wildlife Poster Presentations

How Florida's Landowner Assistance Program is Addressing Comprehensive Wildlife Conservation Strategy Objectives on Private Lands

C.C. Wynn

Reproductive Success and Depredation Rates in Video- and Observer-monitored Nests of the Florida Scrub-Jay

Kathleen E. Franzreb

Mapping Habitat for Imperiled Species in Wildlife Action Plan

Kendell Jenkins

Can Barley Straw or the Probiotic, Liquid Live Micro-organism System, Control *Prymnesium parvum* and Its Ichthyotoxicity

Aaron Barkoh, Warren Schlechte, John Paret and Dale Lyon

Impact of an Intensive Fish Removal on Nutrient Cycles of Lake Apopka

Maynard H. Schaus, Walt Godwin, Larry Battoe, Mike Coveney, Edgar Lowe, Randy Roth, Corey Selecky, Melissa Vindigni, Careyann Weinberg and Ashley Zimmerman

Largemouth Bass Population Recovery Following a Hydrilla Management Strategy in Lake Bellwood, Texas

Richard A. Ott Jr. and Timothy J. Bister

T³ or T.T.T. (Three man Thermal Team)—An Advanced Technique for Control of Overabundant or Nuisance Wildlife

Earl L. Hodnett

Find Game: Virginia Hunters' Preferences for a Public Hunttable Lands Website

Coren P. Jagnow and David. D. Morton

Effects of White-tailed Deer on Three Forest Types in an Urban Park on the Piedmont Plateau

Bryan Gorsira, C. Reed Rossell, Jr. and Steven Patch

Developing Biological Control for *Phragmites*

Bernd Blossey and Joe McCauley

The Evolution of a Shooting Platform

Dan Lovelace and Jerry Sims

Virginia Landowner Incentive Program (LIP)

Justin Laughlin

Angler Appeals and Their Aftermath: A Case Study of Channel Catfish Reintroduction in Cane River, North Carolina

Jacob M. Rash and David L. Yow
